

Unfortunately there was a small increase in reported crimes in January 2020 in the SGRA area from December's figures from 25 (Dec) to 30 (Jan). Correspondingly, the total reported crimes for the whole of Southfield Ward went up from 116 in December to 144 in January 2020.

Apart from vehicle crime which includes both theft from motor vehicles as well as theft of motor vehicles no other category of offences has more than 6 reported crimes (Anti-Social Behaviour). All others are 3 or under, except vehicle crime which at 14 reported offences (Jan) is up three from December's total of 11.

The road with most offences reported is Hanford Close with 5. All other roads in our area have 3 or under except Replingham Road with 4. For more details look at the detailed figures attached.

Some of you may have wondered where SGRA obtains the crime figures that are published on its website. Since the end of 2010 detailed crime figures have been made available by the Home Office on the website [www.police.uk](http://www.police.uk) and are then published on a ward by ward basis. Using this publicly available data it is then possible to extract information on a street by street basis to compare crime rates and types.

Originally compiled by a member of SGRA as a private exercise when it was not possible to get detailed crime information from our local police, this information has for a number of years been shared at SGRA meetings and on our social media.

Liaison with our local police is now vastly improved with quarterly ward report back meetings from the Police Safer Neighbourhood Team (SNT) and the advent of police social media

**Crime Figures for Southfields Grid & Pirbright Road**

**January 2020**
