

# Team and Structures

- Four Tree Officers
- One Support Officer
- Manager
- Report to Head of Arts, Parks and Events

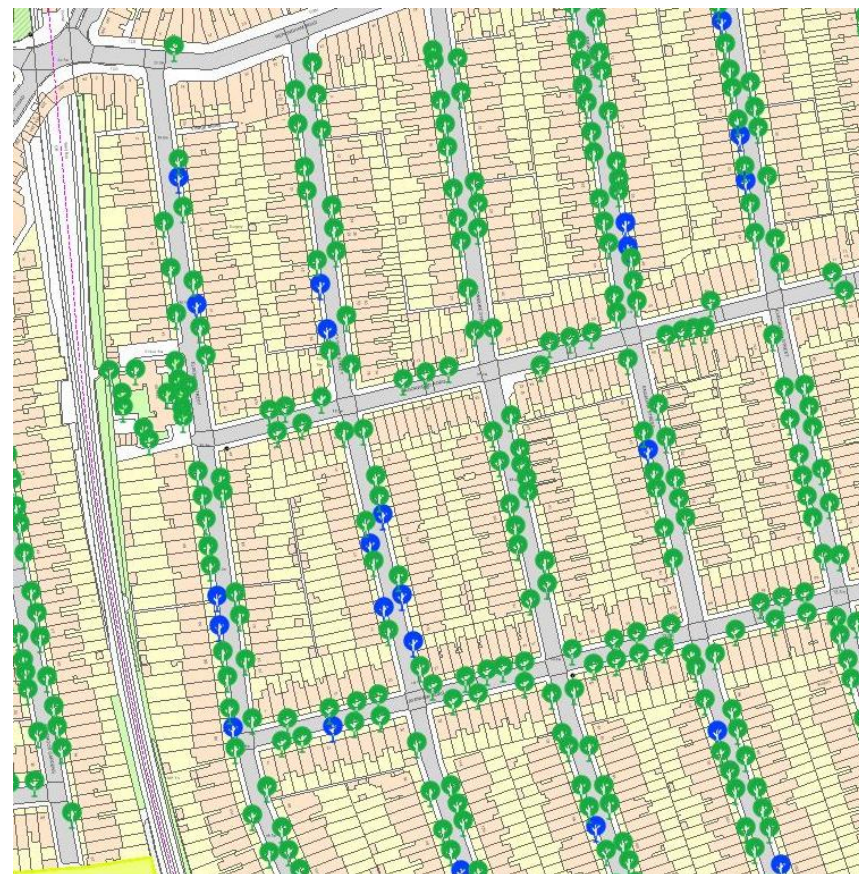

# Tree Team

- Manage Council Owned Trees
- Highways, Housing, Parks, Schools and Other Sites
- Tree Preservation Orders – Applications and New TPOs
- Conservation Area - Tree Work Notifications
- Consultation on Planning Applications

# Council Owned Trees

- Two or Three Yearly Inspection
- Health and Safety
- Impacts on Built Environment
- Tree Work Done by Contractor
- Replanting and New Tree Pits

# Tree Related Subsidence

- Clay Soil
- Trees take up moisture
- Clay shrinks as it dries
- Foundations move with clay
- Smaller trees – less moisture uptake

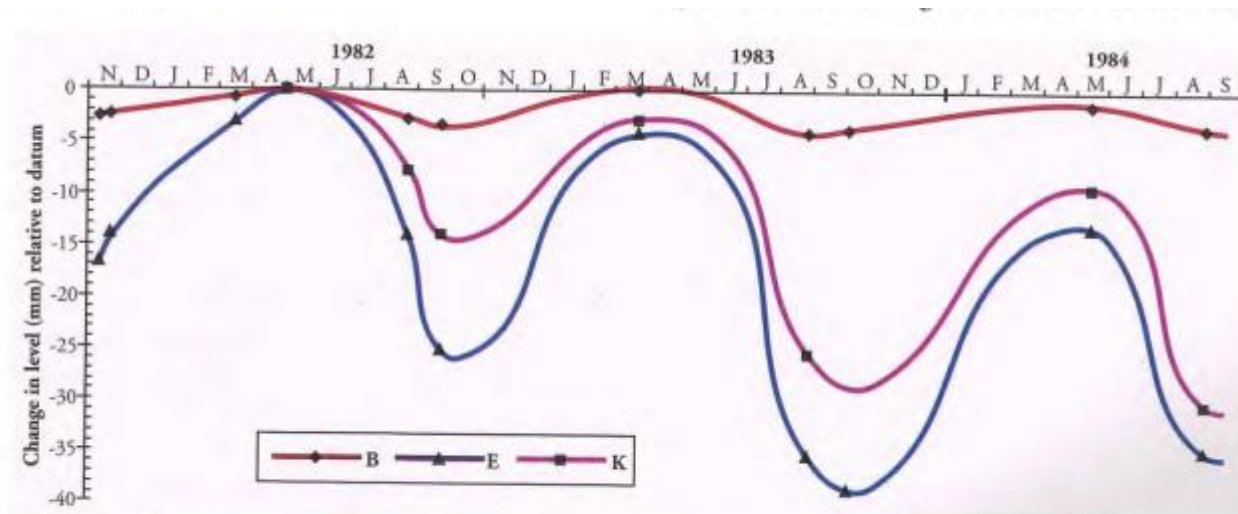

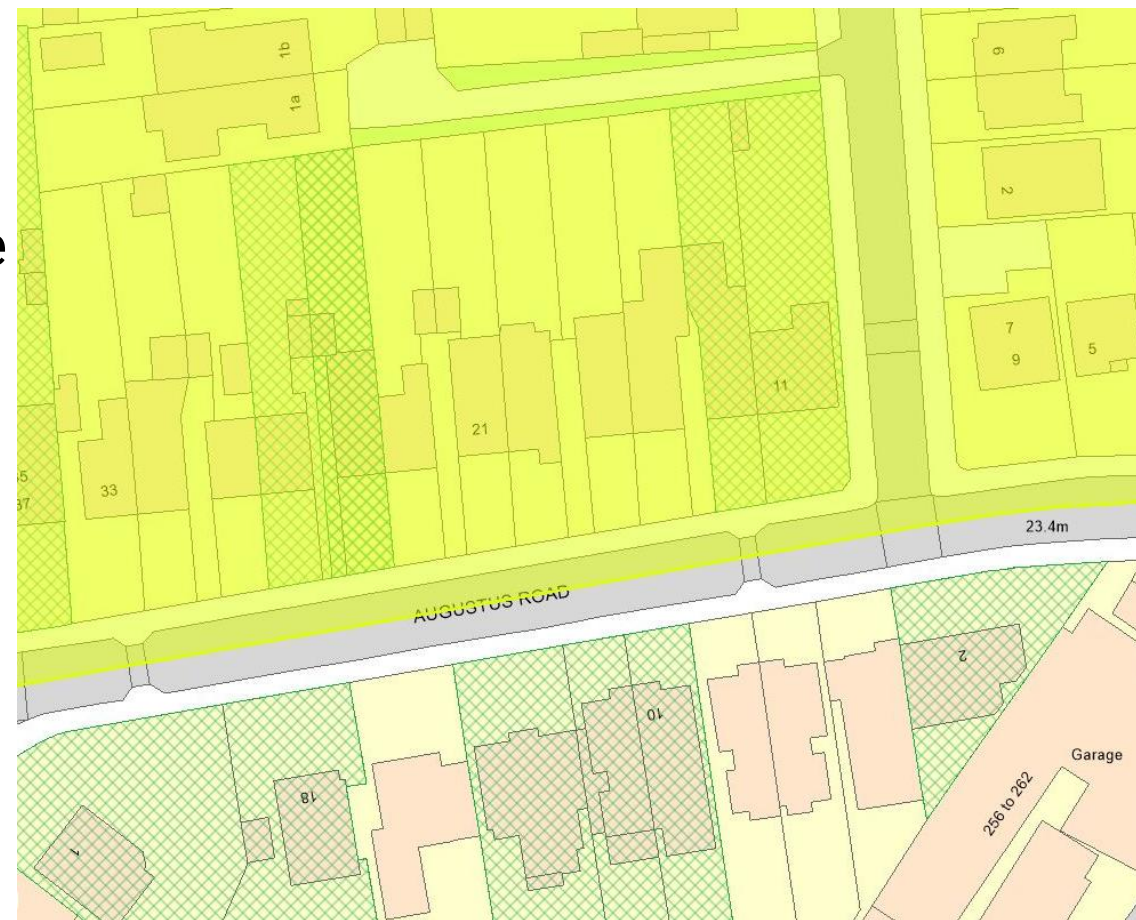

Figure 15.6

Typical level monitoring results, plotting changes in level against time.

# TPO and CA

- Conservation Area – Six Weeks' Notice
- TPO – Eight weeks, Decision on Works
- New TPO:
  - Public Amenity
  - Tree Under Threat

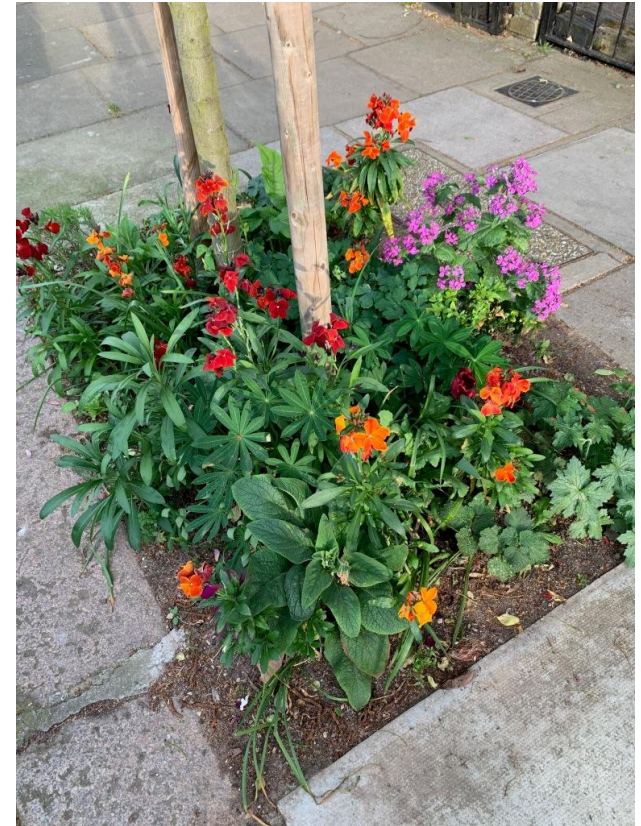

# Tree Pit Planting

## Do:

- Plant small flowers, bulbs, shrubs or plants
- Plant nectar rich, flowering species that are good for bees
- Keep plants under control
- Keep the soil level with pavement
- Regularly water the plants

## Don't:

- Install any raised edging
- Raise the soil level
- Plant spikey, poisonous or invasive species
- Dig too deep or damage any roots
